Portfolio

OBJECTIVE

Network & Systems Engineer with strong hands-on training in CCNA, CCNP Routing & Switching, and MCSA technologies. Experienced in working with Windows Server, Active Directory, SCCM, WSUS, VLANs, routing protocols (OSPF, EIGRP), VPNs, and enterprise network infrastructure. Skilled in troubleshooting, system administration, and network implementation through practical labs and real-world scenarios using GNS3 and Cisco Packet Tracer. Motivated to grow within IT infrastructure and deliver reliable, secure, and efficient technical solutions.

EXPERIENCE

- **GBG Academy – Infrastructure Training (4 Months)** **Nov 2025 – Present**

  Skills:
  • Experience with **Active Directory, DNS, DHCP, GPO**, managing users, computers, policies, and domain services.
  • Hands-on experience in **File Server, DFS, FSRM**, permissions, quotas, and data management.
  • Working knowledge of **Hyper-V, Failover Clustering, iSCSI**, and high availability concepts.
  • Practical exposure to **IIS, WSUS, WDS, SQL Server, SCCM** for web hosting, updates, deployment, and systems management.

- **Digital Egypt Pioneers Initiative – NTI (4-Month Training Program)** **Aug 2025 – Oct 2025**

  Core Date Network Infrastructure

  - Linux Administration I
  - Windows Server Administration
  - CCNP Enterprise
  - Python Programming

- **ITC College – (DEPI)** **Apr 2024- Oct 2024**

  Network Administrator Intern

  - Supported and managed network infrastructure during the internship, focusing on network troubleshooting and maintenance.

  - Gained hands-on experience with configuring and managing network devices

EDUCATION

- **Bachelor's Degree in Computers and Information Technology (Tanta University)**
  - IT Department **GPA : 3.5** Sep 2022 – Jun 2025

Project: Design a Network Connecting two Branches of a company (CCNA , CCNP ,MCSA)

COURSES

- **CCNA Routing and switching and CCNP Enterprise at Scal Academy** **Jul 2023 - Sep 2024**
- **Windows Server 2016 at Scal Academy** **Issued Jan 2025**
- **Information Technology Institute (ITI)** **Jul 2023 - Aug 2023**
  - Basic Cybersecurity

SKILLS

- Networking Protocols : Proficient in TCP/IP, OSPF, EIGRP, BGP, VLANs ,PVSTP, VTP, STP,MPLS , DHCP, and NTP
- Routing & Switching: Cisco routers & switches, L2/L3 switching, IPv4/IPv6, VLANs &inter-VLAN routing
- Network Security: ACLs, Routing Update Filtering, Passive Interface
- Network Design & Implementation: Topology design, redundancy & HA
- Virtualization: Hyper-V, GNS3
- Network Troubleshooting: Ping, Traceroute, Telnet/SSH
- System Administration**:** Windows Server (AD, Storage, File & Compute services)

SOFT SKILLS

- Communication
- Teamwork
- Time Management
- Problem-Solving
- Technical Documentation
- Microsoft Office

LANGUAGES

- Arabic: Native language
- English: Intermediate language
